No refunds or credits are extended to teams that choose not to fish due to inclement weather or unforeseen circumstances. Choosing installment billing as a premier team does not negate the need to pay for all tournaments selected, even if plans have involuntarily changed.

4. PRE-TOURNAMENT PRACTICE, ONSITE REGISTRATION & COMPETITION: There are no restrictions on how early a team can pre-fish, as long as state law is followed and there are no “official” practice days unless otherwise announced in advance for a specific\special event. On the day of onsite registration and rules meeting, all MWC participants must be off plane, within site of the boat launch and no longer fishing by 4pm local time. In case of emergency please contact us immediately on the **MWC tournament hot line at 580.716.4291**, or other designated contacts specified.

(Please call the tournament hot line above) Otherwise, if a team arrives 15 minutes or more late without approval they will be disqualified.

All competitors and teams are subject to official inspection, boarding or a truth verification testing during the tournament and agree to facilitate and participate in those inspections at any time. During the official competition day(s) competitors nor teams may not seek, nor accept the advice or assistance of anyone for the purposes of locating or catching fish or otherwise affecting the daily catch of fish for any reason from anyone except from another confirmed competitor in the same event. During the tournament hours a competitor may not transmit by any form of communication including but not limited to a cell phone, a CB radio, a VHF marine band radio, texting, any other type of communication device for the purpose of locating, catching fish or discussing your daily catch of fish nor receive any form of communication to aid you in the locating or catching of fish. Contestants are permitted to transmit by radio or telephone, texting, etc. only in an emergency. During the tournament no competitor, team or teams may buy or barter a fish, fishing information or a fishing location.

5. SAFETY & TOURNAMENT INTEGRITY: Safe boating conduct must be observed at all times by tournament competitors. Participants must abide by all local navigation laws and avoid restricted areas at all times. All participants are required and agree to wear a Coast Guard-approved type III or greater chest type personal flotation device anytime the boat is on plane. Tournament officials have the right to delay or cancel the start of an official tournament day because of bad weather or other factors that would endanger the safety of the competitors. Tournament waters may also be restricted at any time.

In the event of a storm, lightning, severe weather or any unsafe condition, participants should remove themselves from competition and seek safety or shelter until it is safe to continue. Participants may not leave their boats during tournament hours except in case of emergency. Each boat must have a U.S. Coast Guard rating plate attached to the boat by the manufacturer if required. The horsepower rating of the outboard engine must not exceed the rating specified on this plate. Changing or altering standard factory motor parts to increase horsepower over factory rated horsepower is forbidden and will result in disqualification. All MWC qualifying tournaments will have published days of competition, unless delayed or shortened due to weather or unforeseen circumstances. Tournament boundaries or restricted fishing zones will be announced at the rules meeting and may be further restricted if needed.

6. SPORTSMANSHIP: Participants will conduct themselves in a true sportsmanlike, courteous, safe and ethical manner at all times maintaining professional demeanor in public and in communication with any official. Any unfavorable conduct, speech or action by a participant in our efforts to promote sportsmanship, clean waters and conservation could be grounds for disqualification or rejection of entry. Every competitor is expected to participate in the marshaling of the field in order to maintain the highest integrity of competition. Use of alcohol or any kind of drugs (other than those purchased over the counter or prescribed by a licensed physician) by any competitor during the tournament or use of alcohol until after you have weighed in will not be tolerated and shall be cause for automatic disqualification. Any incidents observed during tournament hours should be reported to tournament officials for investigation. Any violation of these basic sporting principles may be deemed cause for disqualification.

7. TACKLE & EQUIPMENT: MWC participants must possess all necessary fishing licenses and commit to following all regulations. All state rules regarding fishing will be observed unless more stringent regulations are specified at the rules meeting. No more than two fishing rods with one lure each, or one fishing rod with two lures per angler may be used at a time unless the state or lake limit is more restrictive, in which case the state or lake limit will prevail. Only fish caught on hook and line in a normal and usual manner will be accepted. Live bait and artificial lures are permissible in MWC events, except for any special tournaments or “artificial only” tournaments announced and defined by MWC.

8. BOAT, MOTOR & SAFETY EQUIPMENT: All tournament boats are required to have in their possession all Coast Guard-required safety equipment, including but not limited to approved type III or greater chest type personal flotation devices, a type

IV throw cushion, fire extinguisher, distress horn/flag/whistle, and display tournament ID credentials (supplied by MWC). Great Lakes and Canadian border water tournaments require flares. Tournament boats are required to have a functioning bilge pump and be equipped with a functional emergency ignition-shutoff device that must be securely attached to the driver anytime the boat is on plane. In addition it is recommended to have a marine band radio on board.

All tournament boats must be cleaned of all harmful exotic aquatic species prior to entering the water and upon departure from infected waters.

Tournament boats will be inspected for functioning and empty live-wells and operating emergency ignition stop switch. Gas tanks must be properly secured or strapped in a boat. Any additional fuel used during the tournament day must be purchased from a retail facility with safe methods and service open to all contenders and/or the public.

9. BOAT IDENTIFICATION: Each boat MUST be given, prior to each day's start, a livewell and SAFETY INSPECTION check by a tournament official, also a boat marker, which MUST remain in or on the boat and turned in during check-in at the end of each day. MWC reserves sole discretion to assign boat numbers in any manner.

10. PERMITTED FISHING LOCATIONS: Tournament waters shall be established by the Tournament Officials for each tournament. Each competitor must obtain this information from the MWC. Fishing on Tournament waters is permitted anywhere except: Any water within these tournament boundaries posted "off-limits or no fishing" by state or federal agencies will be OFF-LIMITS. Also, any live fish release area established by Tournament Officials will be Off-limits and will be announced at the Tournament Briefing. No contestant may "Buy" or "Barter" a fish or a fishing location. Only that water open to ALL public fishing will be considered tournament waters. Any water closed to public fishing will be closed to tournament contestants. All angling must be done from the boat. On tournament days, participants are prohibited from fishing except during designated tournament fishing hours. Participants should stay off tournament waters before and after tournament hours except to navigate to and from the check-in site and launch facilities. If repairs and/or a test-run are needed an MWC staff members, appointed tournament official or sponsor service technician should ride along.

11. CONTESTANTS MUST REMAIN TOGETHER/ BREAKDOWN INSTRUCTIONS: Contestants must not depart the boat to land fish or to make the boat more accessible to fishing waters. Boats must remain in tournament waters during tournament days. Contestants must leave and return to official checkpoint by boat. Both competitors must remain in boat at all times except in case of dire emergency, if they wish their fish to be counted for the day. In case of break down or emergency, in which a team is not able to travel back to the weigh-in site under power, anglers should contact tournament officials. The only legal way to return for weigh-in without your own power is; 1.) By being towed in by a boat operated by another competitor in the event or a designated rescue boat. 2.) By one team member transferring their clearly marked fish to another boat as described above and proceeding directly to the weigh in. 3.) If a tournament official cannot be reached or a official tournament boat is not able to assist, the team with mechanical problems may seek assistance from a fellow competitor or any vessel on the water. This may **not** be done by phone or transmitting on the radio **to link up with a particular team**. Physically flagging down another boat would be allowed or a radio call that was seeking help from **any** boat in proximity to return to the weigh-in site. No one in that rescue boat is allowed to fish until after proceeding directly to weigh in site and all parties communicating directly with tournament officials. Arriving late, because of offering or needing assistance, even with the aid of a rescue boat, as the towed boat or the towing boat is still late and all late penalties will apply as they would to any other competitor. No exceptions.

Both parties (the team with boat trouble and the team lending assistance) should file separate incident reports with tournament officials. **Any Team involved in a break down "Ride In" that involves transferring fish in which either boat/team wins or places high in that event, in the Tournament Officials sole opinion, WILL BE POLYGRAPHED.**

12. OFFICIAL CHECK POINT: There shall be an official safety checkpoint for checkout in the morning and check-in in the afternoon and this point shall be designated at the tournament briefing. At the time of check-out all competitors and their boats shall be in full conformance with all safety and tournament rules set forth by Tournament Officials. At check-in all boats shall identify themselves, and proceed immediately to the designated weigh-in area. **YOU MUST CHECK-IN EVEN IF YOU DON'T HAVE ANY FISH.** Failure to check in at the end of the day could result in a \$50 fine or prohibition from future participation in any TWF affiliated event.

13. LATE PENALTY: Competitors who are not at the official safety check in point as described above at the appointed return time shall be penalized at the rate of one pound per minute to be deducted from the total weight of their catch that day, including any "Big Fish Award". Any competitors more than fifteen (15) minutes late shall lose all credit for that day's catch. There shall be no excuse for tardiness and in no case will a competitor be allowed to make up "lost time." Return time shall be defined as off-plane and plainly visible by the official timekeepers.

14. SCORING: Scoring shall be determined by the pound and ounce weight of each team's catch during the tournament. Each team's total weight will determine the final standings. Walleye, sauger and saugeye will be weighed where permissible by state law. Length and bag limits of eligible fish will be set for each tournament and will be announced at each event.

All fish weighed must be kept in aerated livewells to keep fish alive and as fresh as possible for release. Any fish mauled, mashed, frozen, stringered, containing foreign or unnaturally placed matter to add weight or showing white gills, soft flesh or other signs of decomposition in tournament official's sole discretion will result in disqualification. An external snap weight, the purpose of which is to keep fish alive/upright in the livewell, should be removed before arriving at the bump tank. Failure to do so will result in a 1 pound penalty for that day.

At no time shall a competitor have in possession more than the stated tournament possession limit. Tournament Officials will conduct checks for violations of this provision, and in the event a competitor has in their possession more than the stated limit, shall cull, where legal, starting with the largest fish first, etc., down to the stated limit. If culling is not legal the team's daily catch will be disqualified.

The official ruler will be "The Judge." Fish will be measured by a tournament official with fish's mouth closed and longest straight line. Only fish which measure the official length(s) on the longest straight line shall be weighed-in. Any fish presented for weigh-in which fails to measure the official length limits shall accrue penalties at the rate of one pound for each non-legal fish plus loss of the fish. Once a competitor's catch has been presented to tournament officials, that team may not alter nor add to their catch or return to their boat until their catch has been weighed and recorded.

15. PROTESTS & TRUTH VERIFICATION TESTS: Anyone has a right to protest a team. An official written protest with \$150 fee must be made with a tournament official within 1 hour of completion of daily weigh-in. The fee will be returned if the protest is found valid. Following interviews with concerned parties, a ruling will be made. In the event rules infractions occurred a penalty of daily and/or tournament weight may be applied, and cash, prizes and awards must be returned if so requested. If a protest is found valid, the disqualified party must pay all investigative costs.

Each competitor or participant agrees by their signature on the entry forms and by their participation in the tournament, to submit to a polygraph or voice stress analyzer test, I.E. Truth Verification Test, should they be asked to for any reason and to abide by its conclusion. Tournament officials shall have sole discretion to select scope, when, where and who shall administer such an exam. Participant will make themselves available at their own expense for testing as scheduled. In the official's sole discretion, refusal to submit to exam or failure to pass a truth verification exam will result in disqualification. RANDOMLY ANNOUNCED TRUTH VERIFICATION TESTS WILL BE GIVEN THROUGHOUT THE YEAR.

16. CATCH & RELEASE: An 8 ounce deduction will be made for each legal fish presented to the bump master for weighing that is determined to be dead. Every boat must have adequate livewell space, properly aerated, to sufficiently maintain, in a healthy condition a limit catch by competitors using the boat. MWC recommends the use of livewell additives and ice, in warmer water months to improve oxygen levels and promote a healthy release of fish into natural habitat. Tournament Officials shall have the sole responsibility for determining whether aeration and capacity is "proper and adequate" and for assessing any penalty points.

17. TIES & POINTS: If a tie occurs, Tie breakers are as follows. 1.) Most number of legal fish weighed, 2.) Most number of legal fish weighed alive, 3.) Heaviest single days catch, 4.) Second heaviest single days catch, 5.) Means selected by tournament officials. However, no cash awards will be given to any zero weights.

As defined below, in most cases MWC teams will receive 2 sets of points added together: **1.) Performance-based points 2.) Weighted points based on field size.** No Points will be awarded to teams that do not weigh fish:

Performance points: 150 points for first place, 149 for second place, etc. with each place reducing by one point down to the last team to weigh-in a fish.

Weighted Points Based on Field Size: Qualified event participants will receive bonus points ADDED to performance points which are weighted based on field size so that ALL teams in a given field size benefit. The larger the field-size the more bonus points are awarded to ALL participants as follows: For events with 50 or less teams zero - 0 - field size points are awarded. For 51-60 teams/3 points, 61-70 teams/6 points, 71-80 teams/10 points, 81-90 teams/14 points, 91-100 teams/18 points, 101-110 teams/21 points, 111-120 teams/24 points, 121-130 teams/27 points, 131 -140 teams/30 points, 141-150 teams/33 points, 151-160 teams/36 points 161-175 teams/39 points.

The Performance Points and field size Weighted Points will be added together to determine the team's total points for the tournament. Teams must check-in and launch at least one tournament day to be eligible for points. Points are distributed to teams and may not be transferred because of partner change except as defined in rule #18. In the event of unauthorized partner changes as defined by rule or otherwise, a partner change constitutes a new team.

18. PREMIER TEAMS: MWC Premier teams are those teams that faithfully support the circuit by signing up and committing to fish three (3) or more events at the start of each year, they are committed to paying for those events even if something happens that prohibits their attendance to one of more of them. Premier teams **WILL NOT** be given preferential treatment by MWC that might give them a competitive advantage in any single event, to help them place better, start earlier, choose their flight, etc., as we believe strongly that the playing field should be level for all participants. However, MWC premier teams do have a long list of benefits in exchange for their support of MWC (see www.masterswalleyecircuit.com for full details.) The partial list includes but not limited to, Premier Teams priority registration into all events, Premier teams received more slots in the World Walleye Championship based on year end standings, custom Premier team branded items, installment billing, we routinely seek out premier teams to feature on Federation Angler TV, **NEW for 2014** duplicate qualifications to the WWC will work down the Premier team standings list only giving Premier teams the only chance at any reallocated/duplicated spots and **NEW for 2014** Premier teams (only) will be allowed to **PRE-DESIGNATE** a team substitute before the season starts just in case a team member is UNABLE to attend. For 2014 all MWC premier teams will be allowed to designate (1) one substitute member to be considered for use with the following restrictions; A designated substitute MUST be a TWF member and must be identified as your team's substitute in advance by full legal name with MWC national office PRIOR to you fishing your first event, unless otherwise approved by MWC. Your regular team member must be unable to attend, Substitute team members cannot be nor ever have been a professional guide, nor won a state, regional or national event on the body of water they are being utilized for. If the substitute is not activated they may not be in the boat during tournament hours in no case will more than two team members be actively fishing in any boat during tournament hours. A spouse or your under age child who meet all other conditions contained herein may be utilized in a case of sudden unavoidable emergency. Tournament Officials (whose decisions are final) must agree that: a.) the original partner CANNOT attend and b.) the designated substitute is not a "ringer" or local expert and must investigate and approve a substitution on a case by case basis. **IF ALL these conditions are met with official approval**, an official team substitute can replace a team member who CANNOT attend an event and premier team points will NOT be lost. Please use this benefit as it is intended which is to help keep you fishing if your partner is UNABLE and CANNOT attend an event, it is NOT intended to give you a substitution to use anytime you wish to gain a competitive advantage and will not be allowed as such. MWC reserves the right to STOP or alter this benefit if attempts to abuse it get out of hand. Do not attempt to abuse this customer service benefit or in MWC's sole judgment it will cease for all anglers and abusers will be identified.

19. STANDINGS, AWARDS & QUALIFICATIONS: Those teams invited to the World Walleye Championship from the Masters Walleye Circuit overall standings will be the top 25 point-accumulating MWC Premier Teams in the overall standings, (who fished 3 or more events), then the top 20 overall point-accumulating MWC teams in the overall standings, (who fished 3 or more events). Also MWC may invite the reigning Cabela's National Team Champions, reigning MWC World Walleye Champions and all 2014 MWC Qualifying Tournament winners (who fished 3 or more events) will be invited to the Championship. Additionally, MWC reserves the right to introduce new events, qualifiers and/or spots to the championship or refuse participation to any team for any reason. Any team disqualified and/or banned from participation in MWC events can also be disqualified and/or banned from any championship.

Teams can only qualify for the World Walleye Championship once, and the order they will be taken will start with special event winners first, Winner of 2014 Cabela's National Team Championship (NTC); 2013 World Walleye Champions; 2014 Qualifier winners; 2014 MWC Premier Team Race; 2014 Overall Points Race, any duplicate qualifiers in the above will proceed down the Premier team standing of those premier teams not already qualified. All anglers are allowed to fish as many events as they wish to improve their standings. However, only a team's top 3 scores will be used for qualification standings.

No partner changes are allowed during the year for the Championship or for accumulating qualifying points as a team with the exception of Premier teams following rule number 18 above on substitutions. For all others, if one partner is unable to fish the Championship or a qualifying tournament, the remaining partner may fish alone, with an MWC-appointed, non-fishing observer, or at the discretion of the MWC.

The MWC tournament payout will be based on the total number of paid teams entered in each tournament with a minimum payback of 80% in cash and prizes distributed to 20% of the field (all fractions will be rounded down and payout will not exceed 30 teams). The remaining amounts are earmarked to help fund the no-entry-fee, World Walleye Championship purse and Team of the Year cash awards. MWC will payback more than 100% in cash and prizes each year. (In 2013 MWC paid back nearly 120% in cash and prizes).
